Professional Summary

Computer Science Engineering student pursuing an Integrated M.Tech at VIT-AP with hands-on experience in software development, machine learning, and computer vision. Strong foundation in Java, Python, SQL, Data Structures and Algorithms, Object-Oriented Programming (OOP), and Database Management Systems (DBMS). Passionate about building scalable applications, solving real-world problems, and continuously learning emerging technologies.

Education

Vellore Institute of Technology-AP

Nov 2022 – Jul 2027

Integrated M.Tech, Computer Science and Engineering

CGPA: **8.47/10**

Sri Chaitanya Junior College

2020 – 2022

Intermediate (MPC)

Percentage: **95.9%**

Sri Chaitanya School

2020

SSC

Percentage: **100%**

Technical Skills

Languages: Java, Python, SQL

Web: HTML, CSS, JavaScript, React, Flask

Machine Learning: TensorFlow, OpenCV, CNN, YOLO, PyTorch

Database: MySQL

Core CS: DSA, OOP, DBMS, Operating Systems, Computer Networks

Tools: Git, GitHub, VS Code, Google Colab

Projects

SkyWrite (Air Canvas)

Python | OpenCV | MediaPipe | TensorFlow

- Built a touchless drawing application using MediaPipe and OpenCV with real-time 21-point hand tracking.
- Trained a CNN on the EMNIST dataset achieving **87%** character recognition accuracy.
- Improved prediction quality using custom preprocessing and line-smoothing algorithms.

Vehicle Detection and Counting System

Python | Flask | YOLOv8 | OpenCV | COCO Dataset

- Developed a web-based vehicle detection and counting system that processes uploaded traffic videos using the YOLOv8n model with COCO-trained weights to detect and classify multiple vehicle categories.
- Generated annotated output videos with bounding boxes and configurable confidence thresholds.
- Automated real-time vehicle counting through a Flask-based web application.

Experience

Web Development Intern – Teachnook

Jul 2024 – Aug 2024

- Successfully completed a Web Development Internship focused on front-end and web application development.
- Built responsive web pages using HTML, CSS, and JavaScript while applying industry best practices.
- Collaborated in a mentorship-driven environment to enhance debugging, problem-solving, and software development skills.

Certifications

- Microsoft Learn – Generative AI and Agents in Azure
- Oracle Cloud Infrastructure 2025 Certified Foundations Associate
- Microsoft Learn – Computer Vision in Azure
- HackerRank – SQL (Advanced)
